## Memorandum

To: **The Celina Planning and Zoning Commission**  
CC: **Mike Foreman, City Manager**  
From: Helen-Eve Liebman, AICP  
Director of Planning & Development Services  
Meeting Date: January 20, 2015  
Re: Conduct a public hearing to consider testimony and take action on a zoning request for a Planned Development. The property is  $\pm$  112.286 acres situated in the Coleman Watson Survey, Block 4, Tract 51, Abstract No. 945 in Collin County, Texas. The property is generally located north of FM 1461, west of FM 2478, east of County Road 84, and south of Brinkmann Ranch Road. (Wellspring Estates)

---

**Action Requested:**

Conduct a public hearing to consider testimony and take action on a zoning request for a Planned Development. The property is  $\pm$  112.286 acres situated in the Coleman Watson Survey, Block 4, Tract 51, Abstract No. 945 in Collin County, Texas. The property is generally located north of FM 1461, west of FM 2478, east of County Road 84, and south of Brinkmann Ranch Road. (Wellspring Estates)

**Background Information:**

The owner for the property has petitioned for annexation and has submitted an application for a PD Planned Development District with a base district of SF-R Single-Family Residential District. The PD proposes 4 lot products with a maximum number of 325 lots/units on  $\pm$ 112 acres which is an approximate density of 2.9 units per acre. There are larger lots sizes along the north, east, and west boundaries to provide for a buffer from adjacent developments.

	Min. Lot Size	Min. Lot Width	Percentage of Lots
Lot Type 1	7,500 SF	60 feet	Up to 60 % of the total lot count
Lot Type 2	9,000 SF	65 feet	N/A
Lot Type 3E	15,000 SF	100 feet	Req'd. adjacent to eastern property boundary
Lot Type 3W	25,000 SF	125 feet	Req'd. adjacent to western property boundary

The PD offers a variety of amenities such as increased tree size, board on board fencing, and open space provisions. According to our PD zoning regulations, open space shall be

provided at one acre per 75 units. The applicant is proposing a minimum of 18 acres of amenitized open space when a minimum of 4.3 acres is required. The amenities shall include landscaping, trees (50 within the open space), shrubs, an eight foot hike and bike trail, seating and arbor areas. The PD also proposes a six foot masonry screening wall along FM 1461/Frontier Parkway.

This item was tabled at December P&Z meeting and since that time the applicant and adjacent land owner of Lakes at Mustang Ranch LAMR have worked with staff to come to a mutually agreeable proposal. The applicant has provided for a solid masonry screening wall adjacent to the north/south entry road of LAMR on the Concept Plan and increased the lot size for the lots backing to the LAMR entry road to a minimum of 25,000 SF. Additionally, the applicant has agreed to provide a 50 foot building setback for the main and any accessory buildings/structures adjacent to the north/south entry road. The City of Celina zoning ordinance masonry standards require sides of residential buildings facing a public street to be 100% masonry.

At this time there are still differing positions on buffers and access to the north. There may be a school site on the development to the north of this tract and the location has not been determined. The adjacent developer, LAMR, is not in agreement with the current required location for the access point on the Concept Plan. The current location was reviewed and approved with the General Development Plan GDP for the LAMR development. Providing for a connection along the northern property boundary for the area west of the creek/drainage area has been suggested by LAMR and staff can support working out the location with developers at a later date. The location and accessibility to the street system in LAMR shall be reviewed and approved by staff.

**Legal Obligations and Review:**

N/A

**Public Notifications:**

Zoning signs of public hearing notice were erected on the property on December 4, 2014. Public hearing notice was published in The Celina Record on November 28, 2014. No notices were sent to property owners within 200 feet of the subject property because there were no qualifying properties within the city limits according to the most recently approved city tax roll at the time notice was required.

**Supporting Documents:**

- Proposed PD Regulations
- Concept Plan
- Landscape and Hardscape Plan

**Board/Committee Recommendation:**

N/A

**Staff Recommendation:**

Staff recommends the Concept Plan be amended to provide for a connection point somewhere along the northwest property boundary. Staff will review the connection point with the overall proposed layout to ensure that there is adequate and reasonable access to the neighborhoods to the north.

## *Updated Memo 1/20/15*

The proposed PD meets the standards of the Comprehensive Plan and staff recommends approval.

## Memorandum

To: **The Celina Planning and Zoning Commission**  
CC: Mike Foreman, City Manager  
From: Ben Rodriguez- Planner  
Meeting Date: January 20, 2015  
Re: Conduct a public hearing to consider testimony and take action a zoning amendment request on Planned Development District #23. The property is  $\pm 119.1$  acres in the Collin County School Land Survey, Abstract Number 167, County of Collin, State of Texas. The property is generally located west of County Road 1117 and south of County Road 53. (G-Bar 7)

### Action Requested:

Conduct a public hearing to consider testimony and take action a zoning amendment request on Planned Development District #23. The property is  $\pm 119.1$  acres in the Collin County School Land Survey, Abstract Number 167, County of Collin, State of Texas. The property is generally located west of County Road 1117 and south of County Road 53.

### Background Information:

Planned Development #23 was adopted on April 11, 2006 it established zoning for R-1 Single Family and up to 30 acres of C-1 Commercial. The development standards for the single family residential portion of the PD were to conform with the R-1 Single Family Zoning District requiring that lots be a minimum of 10,000 square feet, and placed an overall cap of 4 units per acre on the R-1 zoned portion of the property.

The applicant is requesting that the PD be amended the remove the C-1, Commercial Zoning, and to establish the base zoning standards of the SF-R, Single Family Residential District, and to accommodate a variety of lot types for development in order to provide a wider range of housing choices. The PD amendment includes an updated concept plan that conforms to the requirements of the City's current Planned Development standards.

### Proposed Development Standards:

The following chart illustrates the development standards for the two types of lots being proposed.

Proposed Development Standards for PD-23		
<i>Development Standard</i>	<i>Proposed Type 1</i>	<i>Proposed Type 2</i>
Lot Area (square feet)	6,000	7,500
Minimum Building Size (square feet)	1,700	1,900
Minimum Lot Width	50	60
Minimum Lot Depth	120	125

The total number of residential lots within PD-23 shall not exceed 460 lots (3.86 units per acre). A maximum of 62% of those lots may be Type 1. A maximum of 38% of those lots may be Type 2.

The PD sets aside approximately twenty acres as Open Space, including approximately 24.6 acres within the floodplain. The PD also all outlines open space and amenity areas are to be maintained by the Homeowners Association(s). The SF-R base district requires developers to construct three amenities from a list of seven; the applicant has proposed to construct the following five amenities which will be maintained by the homeowners association:

1. Swimming Pool
2. Passive Recreation Field
3. Private, Off-Street Hike/Bike Trail to connect to future public trail
4. Outdoor Meeting Space
5. Dog Park

**Public Notice:**

Notices of the public hearing have been sent to all owners of property, as indicated by the most recently approved city tax roll, who are located within the area of application and within 200 feet of any property affected. As of 1/15/15 staff has received one letter in support and no letters in opposition to the proposed amendment.

## PLANNED DEVELOPMENT – G BAR 7

### INTRODUCTION

---

#### SUMMARY AND INTENT

This zoning submittal encompasses approximately 119 total acres of land within the City of Celina more fully described on the legal description attached as Exhibit A (the “Property”) and depicted on Exhibit B. The uses proposed for the Property follow the intent of the existing approved Planned Development (PD) zoning (PD #23). It is the intent of the PD amendment to offer greater flexibility and clarity for residential development.

The development has 2 proposed lot sizes and multiple areas for open space, trails and amenities. This amendment will provide the zoning necessary to develop the plan as shown in Exhibit B.

This zoning submittal promotes development that will improve the balance of land uses in the area by increasing the number of single-family units and increasing the potential for retail development with the additional rooftops. The PD will provide an expanded range of housing choices through varying lot sizes of Single Family detached housing that currently is unavailable under the approved PD zoning ordinance and by doing so will follow current market trends observed in surrounding cities.

#### PROJECT LOCATION

As shown in Exhibit B, the proposed PD is located in south-central Celina. A legal description (Exhibit A) and property exhibit (Exhibit B) for the Property is provided in this document.

The property is located near the southwest corner of CR 55 and CR 1117. This proposed PD amendment offers greater flexibility in Single Family detached development than what can be accommodated with the current PD zoning. Submitted under Section 14.03.031 as a Concept Plan, this PD will provide:

- Expanded range of housing choices through a diversity of lot sizes ranging from 50-60 feet in width.
- Integrated open spaces and amenities to preserve areas designated within the 100-year floodplain. This will protect existing stream corridors and other physical assets as amenities.
- High quality project from an experienced developer.

### EXISTING CONDITIONS

---

The existing conditions surrounding the Property are primarily agricultural with sparse residential housing. The Property is currently zoned PD-23. No annexation will be required.

#### EXISTING THOROUGHFARES/THOROUGHFARE PLAN

The property is accessed by CR 55 along the north, future Light Farms Way to the west and CR 1117 to the east. The Celina Master Thoroughfare Plan (MTP) has designated CR 55 and Light Farms Way as a minor thoroughfares (90' right-of-way). The MTP has CR 1117 designated as a road (60' right-of-way). The property is approximately half a mile west of Preston Road.

## PROPOSED CONDITIONS

---

### PROPOSED LAND USES

The proposed land use of single-family is in accordance with the approved PD zoning ordinance. This amendment proposes the following:

- Suburban Moderate-High Residential (Suburban Mix)
  - Single family detached dwellings with varying lot sizes of at least 6,000 SF
  - Typical lot sizes: 50'x120' and 60'x125'
- Open Space/Park Space
- Amenity Center
- Trail System

### PROPOSED THOROUGHFARES/ACCESS

The proposed development will utilize the existing Master Thoroughfare Plan as revised in October, 2014. In addition to the roadway alignments according to the Master Thoroughfare Plan, residential roadways will be utilized for internal traffic circulation. Proposed collectors and minor thoroughfares within the development may produce need to modify the city's MTP if approved by the city.

### CONCEPT PLAN

Exhibit B identifies and locates the proposed land uses outlined within the Property. All land uses shall conform to the District Regulations in place at the time of platting unless modified herein. The proposed development should have unified and consistent design elements and provide an integrated development that compliments the City of Celina.

## DEFINITIONS

---

Any capitalized terms not defined below are per the definition as provided in the City of Celina Code of Ordinance Chapter 14.

Common Area: Any portion of the PD District that does not constitute a residential lot or street right-of-way and is owned by the Homeowners Association.

Covered Front Porch: An area of at least 50 square feet covered by the main roof or an architectural extension of the Main Structure.

Homeowner Association: An association governed by by-laws, deed restrictions, and architectural guidelines of the community. All lot owners will have mandatory membership in the homeowner association, which, among other things, will require financial obligations in the form of annual membership dues.

PD District Concept Plan (Exhibit B): The graphic plan for PD District that establishes and delineates the location of the respective Lot Types and is attached as Exhibit B.

Main Structure: The primary residence to be constructed on any Lot.

Open Space: Publicly accessible parks, greens, sports fields, natural flood plain, and tot lots, shall constitute Open Space.

Parkway: The area of right-of-way between the curb and the sidewalk in front of residential lots.

PD District: The land and/or lots contained within the legal boundaries identified in Exhibit A.

Shall: A term requiring compliance.

Should: A term encouraging compliance.

## DEVELOPMENT REQUIREMENTS

---

### GENERAL

The purpose of the proposed PD is to provide greater flexibility for single family detached development than is available under the approved PD #23 and the City of Celina Ordinances, Chapter 14. This zoning request to a PD (Planned Development District) is in accordance with Sec. 14.03.031.

### Single-Family

The base zoning for the proposed PD shall be "SF-R" (Single-Family Residential) district as it exists or may be amended. The following regulations shall also apply.

### PERMISSIBLE USES

The following uses shall be allowed:

1. Agricultural Uses – Agricultural uses whose products are grown primarily for home consumption, such as domestic gardening, berry or bush crops, tree crops, flower gardening, orchards, and aviaries.
2. Residential Uses: Single-family detached dwellings
3. Community Facility Uses
  - A. Public and private parks;
  - B. Recreational and open space including but not limited to playgrounds, parkways, greenbelts, ponds and lakes, botanical gardens, pedestrian paths, bicycle paths, equestrian bridle trails, nature centers, bird and wildlife sanctuaries;
  - C. Amenity centers
  - D. Landscaped Entry Features
4. Temporary structure for storage of building materials and equipment used for initial residential construction, when on the same or adjoining lot, for a period not to exceed the duration of the construction. This shall include temporary trailers for construction and sales activity. Building material storage will be allowed adjacent to temporary trailers or in a lot designated for storage.
5. Manufactured and/or modular homes are prohibited in this PD district.
6. Accessory dwellings are prohibited in this PD district.

### RESIDENTIAL DESIGN GUIDELINES

#### I. Lot Type Regulations

The PD District will include a variety of lot types in order to achieve the goals established for the district. The lot types and requirements for each shall be as follows:

##### A. Lot Type 1:

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than six thousand (6,000) square feet, with front-entry garages, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty feet (40') or two and one-half (2-1/2) stories in height to the highest point of its roof. Accessory structures shall not exceed twenty-five feet (25').
3. Area Regulations: The following minimum standards shall be required as measured from property lines:  
Lot Size: Six thousand (6,000) square feet.

Minimum Floor Area: The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be seventeen hundred (1,700) square feet.  
Front Yard: Twenty feet (20') minimum. Key lots shall have 2 front yards.  
Covered Front Porches may extend over the front building setback line up to five feet (5'), but the garage door must remain at or behind the front setback line in all instances.  
Rear Yard: Ten feet (10') minimum.  
Side Yard: Five feet (5') minimum.  
Side Yard Adjacent to Street: Fifteen feet (15') minimum.  
Lot Width: Fifty feet typical (50'); forty feet (40') minimum (@ right-of-way) on cul-de-sac lots.  
Lot Depth: One hundred twenty feet (120') minimum.  
Lot Depth (cul-de-sac lot): Eighty-five feet (85') minimum.  
Garage Orientation & Setback: Garages may face the street or be J-swing type. For garage doors facing the front of the street, garage setback shall be flush or setback from front of building. J-swing type garages may protrude up to five feet (5') into the front setback to ensure additional variations of homes.

**B. Lot Type 2:**

1. Purpose: This lot type is designed to allow single family detached dwellings on lots of not less than seven thousand five hundred (7,500) square feet, with front-entry garages, together with the allowed incidental and accessory uses.
2. Height Regulations: No building shall exceed forty feet (40') or two and one-half (2-1/2) stories in height to the highest point of its roof.
3. Area Regulations: The following minimum standards shall be required as measured from property lines:
  - Lot Size: Seven thousand five hundred (7,500) square feet.
  - Lot Coverage: The maximum Lot Coverage shall not exceed fifty-five percent (55%).
  - Minimum Floor Area: The minimum square footage of a dwelling unit, exclusive of garages, breezeways and porches, shall be nineteen hundred (1,900) square feet.
  - Front Yard: Twenty feet (20') minimum. Key lots shall have 2 front yards.
  - Covered Front Porches may extend over the front building setback line up to five feet (5'), but the garage door must remain at or behind the front setback line in all instances.
  - Rear Yard: Ten feet (10') minimum.
  - Side Yard: Five feet (5') minimum.
  - Side Yard Adjacent to Street: Fifteen feet (15') minimum.
  - Lot Width: Sixty feet (60') typical; fifty feet (50') minimum (@ right-of-way) on cul-de-sac lots.
  - Lot Depth: One hundred twenty-five feet (125') minimum.
  - Lot Depth (cul-de-sac lot): Eighty-five feet (85') minimum.
  - Garage Orientation & Setback: Garages may face the street or be J-swing type. For garage doors facing the front of the street, garage setback shall be flush or setback from front of building. J-swing type garages may protrude up to five feet (5') into the front setback to ensure additional variations of homes.

**II. Neighborhood Regulations**

The maximum number of lots permitted within the PD District shall not exceed 460 lots. The maximum percentage of lots per Lot Type is as follows:

Lot Type 1: Approximately 62 %

Lot Type 2: Approximately 38 %

The lot types shall generally conform to the layout shown in Exhibit B.

### **III. Development and Design Standards**

**A. Landscape Standards:** All development within this PD District shall comply with the following landscape standards:

1. Tree Requirements:
  - i. Trees are required to be planted by the homebuilder in the front yard of all lots per the following schedule:
    - Lot Type 1 and 2 – two, 4” caliper tree, measured at 12 inches above ground and four shrubs
  - ii. Tree species shall comply with the City of Celina Zoning Ordinance Chapter 14.05 Appendix E.:

## Memorandum

To: **The Celina Planning and Zoning Commission**  
CC: Mike Foreman, City Manager  
From: Ben Rodriguez, Planner  
Meeting Date: January 20, 2015  
Re: Conduct a public hearing to consider testimony and take action a zoning amendment request on Planned Development District # 39. The property is  $\pm$  331.968 acres and is comprised of Lots 14, 15 and 17 of Subdivision 14 of the Collin County School Land Survey, Abstract Number 167, County of Collin, State of Texas. The property is generally located west of SH 289 (Preston Road), north of Frontier Parkway (County Road 5), south and east of County Road 53. (Ownsby)

---

### Action Requested:

Conduct a public hearing to consider testimony and take action a zoning amendment request on Planned Development District # 39. The property is  $\pm$  331.968 acres and is comprised of Lots 14, 15 and 17 of Subdivision 14 of the Collin County School Land Survey, Abstract Number 167, County of Collin, State of Texas. The property is generally located west of SH 289 (Preston Road), south of County Road 53, north of Frontier Parkway (County Road 5), south and east of County Road 53.

### Background Information:

PD# 39 is comprised of approximately 331 acres; it contains a mixture of single family, multi family, light industrial, C1- retail, and C-2, general commercial uses. The property is located on Preston Road, and is adjacent to Carter Ranch and TXI.

### Proposed Development Standards:

The applicant is requesting to revise the allocation of land uses to increase the acreage of single family development by approximately five acres, This increase in acreage of single family will be offset with decreases in light industrial and retail/commercial areas. The applicant is also requesting revisions to development standards of the residential tract to allow greater flexibility for residential development within Tract 4.

Existing Allocation	
Use	Acreage
Single Family	106.4
Multi Family	34.0
Light Industrial	80.9
C1	46.5
C2	61.9

Proposed Allocation		
Tract	Use	Acreage
4	Single Family	111.9
3	Multi Family	32.8
1	Light Industrial	78.7
5	C1	45.3
2	C2	63.3

Single family (Tract 4) is to be further delineated with two types of permissible single family products having slightly different development standards, as follows:

<b>Tract 4 Single Family Residential Types</b>		
	Lot Type 1	Lot Type 2
Lot Size	5,000 square feet	6,000 square feet
Minimum Floor Area (excludes garages, breezeways and porches)	1,700 square feet	1,900 square feet
Lot Width	Minimum 50 feet	Minimum 60 feet
Lot Depth	Minimum 110 feet	Minimum 110 feet

The homeowners association or property owners association will be established as each residential or nonresidential parcel of land is developed and is responsible for maintaining all common areas.

The applicant is proposing 19 acres of open space with 15 acres of this open space to be located within the floodplain; any floodplain areas counted toward the open space requirements shall be landscaped and amenitized with benches and sidewalks on a minimum of three sides.

A six foot tall solid masonry screening shall be constructed adjacent to Preston Road and along all lots backing or siding to collector streets and/or Cypress Creek Way. In addition, 15 foot landscape buffers shall be maintained for all lots that back or side on collectors and/or Cypress Creek Way. The landscape buffer along Preston Road shall be 40 feet.

The rights-of-way for the roadway west of the proposed traffic circle shall be 60 feet and will stub out to coordinate with Light Farms.

**Public Notice:**

Notices of the public hearing have been sent to all owners of property, as indicated by the most recently approved city tax roll, who are located within the area of application and within 200 feet of any property affected. As of 1/15/15 staff has received no letters either in support or in opposition to the proposed amendment.

**Supporting Documents:**

- Proposed Concept Plan
- PD Regulations

**Legal Review:**

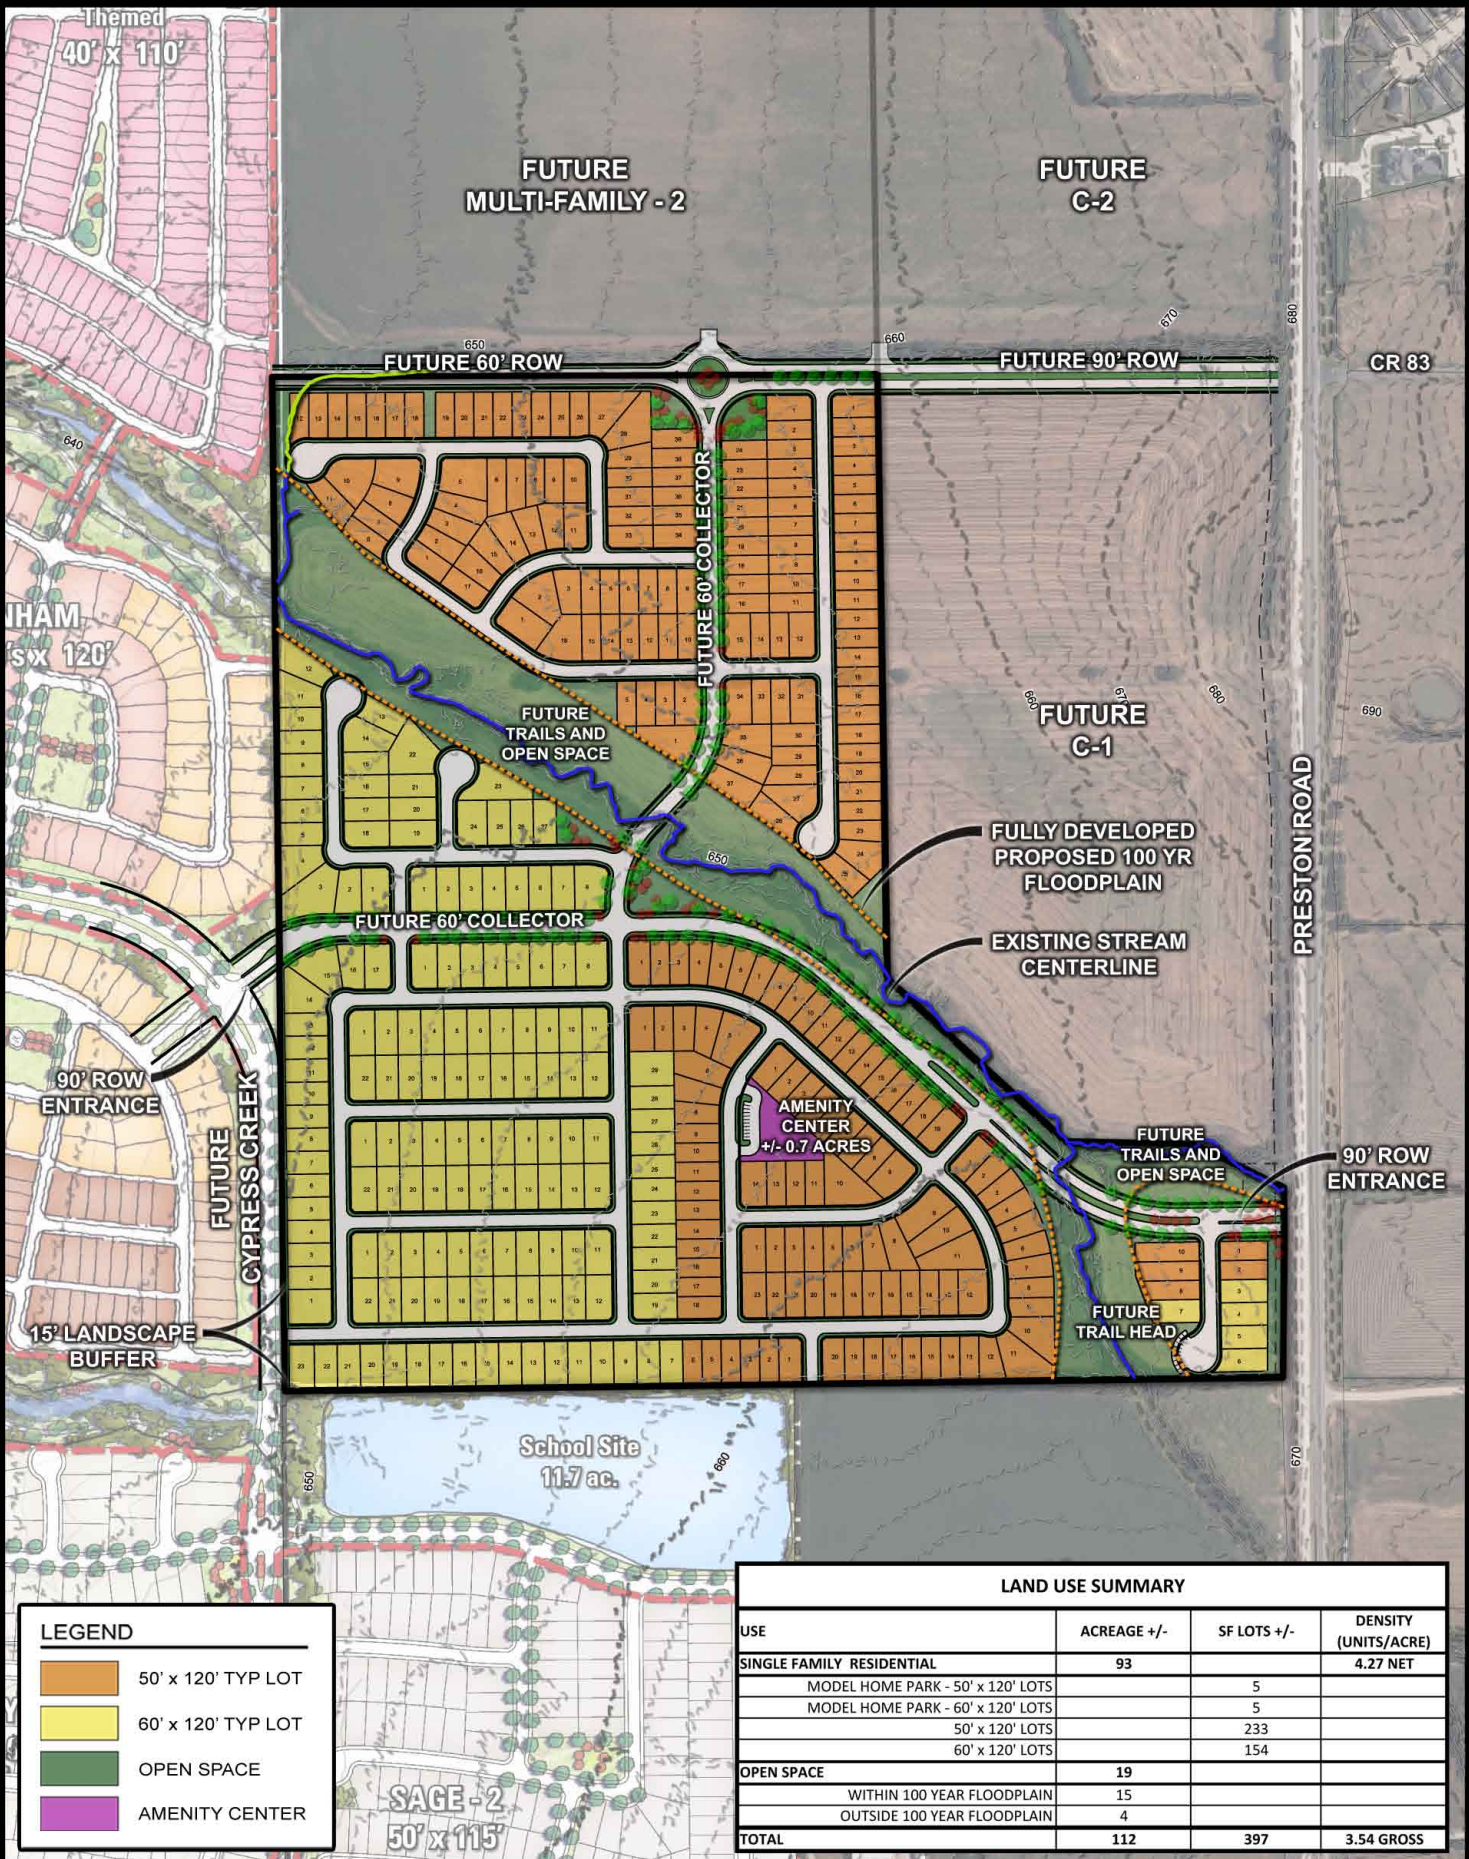

N/A

**Staff Recommendation:**

Staff recommends approval of the item subject to the following conditions:

- That the word "Residential" to screening and landscape buffers on page 7 of the PD regulations
- That a label for the east/west thoroughfare is added as "120 foot Major Arterial" on the zoning exhibit
- That labels for the east/west 90 foot ROW (extension of CR 83), turn around and 60 foot ROW between tracts 2, 3, 4, and 5 are added on the Zoning exhibit.

**PLANNED DEVELOPMENT – OWNSBY FARMS**

## INTRODUCTION

---

### **SUMMARY AND INTENT**

This zoning submittal addresses the disposition of approximately 331.968 acres of land within the City of Celina, more fully described on Exhibit A (the “Property”) and depicted on Exhibit C. The uses proposed for the Property are being amended to more closely follow the intent of the City of Celina Comprehensive Plan dated April 2013. It is the intent of the Planned Development (PD), to clearly identify each zoning region by metes & bounds, and to offer greater flexibility for the residential development (Tract 4).

This zoning submittal promotes development that will improve the balance of land uses in the area by decreasing the acreage of light industrial and retail development while slightly increasing the acreage of single family development. The PD will provide an expanded range of housing choices through varying lot sizes of Single Family detached housing that currently is unavailable under the active zoning ordinance and by doing so will follow current market trends observed in surrounding cities.

### **PROJECT LOCATION**

As shown in Exhibit B, the proposed PD is located in south Celina. A legal description (Exhibit A) and Zoning Exhibit (Exhibit C) is provided in this document.

The property is located just northwest of the intersection of two major arterial roads. This proposed Planned Development offers greater flexibility in Single Family detached development. Therefore, to achieve this flexibility and to provide greater housing choices, amending the PD under Section 14.03.031 of the City’s Zoning ordinance is required. Submitted under Section 14.03.031 as a Concept Plan, this Planned Development will provide:

- Increased amount of single family development with an expanded range of housing choices through a diversity of lot sizes ranging from 50-60 feet in width.
- Open space to preserve areas designated within the 100-year floodplain. This will protect existing stream corridors and other physical assets as amenities.

## EXISTING CONDITIONS

---

There is an existing aggregate and concrete batch plant operation to the north of this property. Carter Ranch is located to the east of this property, and Light Farms is located to the west. All other boundaries are railroad, highway or agriculture open space. The property is currently zoned as PD-39.

## PROPOSED CONDITIONS

---

### **PROPOSED LAND USES**

The proposed development is in accordance with the City of Celina Comprehensive Plan dated April, 2013 by increasing Suburban Moderate-High Residential (Suburban Mix) land use category. The following land uses are proposed:

- Suburban Moderate-High Residential (Suburban Mix)
  - Single family detached dwellings with varying lot sizes with a minimum of 5,500 SF.
- Open Space/Park Space
- Retail
- Commercial
- Multifamily Residential
- Office
- Personal and Business Services
- Transportation and Auto Services
- Amusement and Recreation Services
- Institutional/Governmental
- Light Manufacturing

### **PROPOSED THOROUGHFARES/ACCESS**

The proposed development will utilize the existing Master Thoroughfare Plan Amended October 2014. In addition to the improvements according to the Master Thoroughfare Plan, Minor Collectors will be utilized for internal traffic circulation.

### **CONCEPT PLAN**

Exhibit B identifies and locates the proposed land uses outlined within the Property. All land uses shall conform to the District Regulations in place unless modified herein. The proposed development should have unified and consistent design elements and provide an integrated development that follows the Comprehensive Plan dated April, 2013 and compliments the City of Celina.

## DEVELOPMENT REGULATIONS

---

### **Tract 1**

Designated for a base zone of I-1, those permitted uses and conditional uses, as well as the regulations thereof, set forth in Section 3.24 of Ordinance No. 2006-57, as the same may be amended, are adopted herein.

Re: Conduct a public hearing to consider testimony and take action regarding an amendment to the City's Code of Ordinances Chapter 14: Zoning, Article 14.05: Development Standards and Use Regulations, Division 4: Landscape Requirements.

---

#### **Action Requested:**

Conduct a public hearing to consider testimony and take action regarding a zoning ordinance text amendment Chapter 14: Zoning; Article 14.05: Development Standards and Use Regulations; Division 1: Generally; Section 14.05.087 Minimum landscaping requirements within new single-family, two-family (duplex), and manufactured home developments.

#### **Background Information:**

Staff is proposing an amendment to the landscaping requirements for new single-family, two-family (duplex), and manufactured home developments to clarify the number, size and location of required plant types. The amendment further clarifies the housing types that must comply with the proposed regulations.

Staff is proposing a chart which increases the amount of landscaping required based on the size of a lot. Previously staff lowered the requirements in order to accommodate landscaping on smaller lots however this did not provide adequate landscaping for large lots. Staff believes that the proposed standards will accommodate all lot types.

**Sec. 14.05.087 Minimum landscaping requirements within new Single-Family, Two-Family (duplex), **Town Home**, **Patio Home** and Manufactured Home developments**

(1) Tree by lot requirements. Trees shall be planted to meet the total number of caliper inches referenced in the table below. Required large trees shall not be smaller than three (3) caliper inches; required small trees shall not be smaller than two (2) caliper inches in size. A minimum of one (1) large and one (1) small tree shall be located in the front yard of all residential lots. The remaining required trees may be placed in the front or rear of the residential lot.

<u>Size of lot ( Sq. Ft.)</u>	<u>Caliper Inches</u>	<u>Number of Shrubs</u>
2,500-6,999	5	12
7,000-8,999	8	15
9,000-19,999	11	20
20,000+	14	25

(A) No trees are to be planted within the parkway, the area between the back of curb and the right-of-way/property line.

(B) Trees are to be placed in a location which does not interfere with overhead and/or underground utility easements.

(C) Trees are to be spaced so that at mature growth their canopies do not interfere with one another.

(D) If the trunk splits into multiple trunks below the 6 inch level, then the multiple trunk trees are measured by the following formula.

(i) Measure largest trunk circumference.

(ii) Remaining trunks, measure circumference divided by two.

(iii) Add subsections (i) and (ii) for total circumference, divide total by 3.14 to get caliper.

(E) Required shrubs shall be a minimum of three (3) gallon in size when planted and shall be planted in the front yard of all residential lots. Shrubs may be substituted with small trees when planted in the front yard.

(F) Solid vegetative ground cover or lawn for the entirety of the lot that is not otherwise covered by **mulched planter beds**, building(s) and/or driveway area(s).

(G) All landscaping required above shall be planted prior to issuance of the Certificate of Occupancy on the dwelling(s).
